

# Legrelaxer™

LEG SUPPORT

Elevates your legs and aids circulation, diminishing the load on the heart.

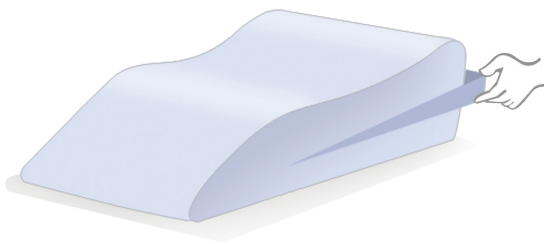

**Leg Relaxer – Contoured leg support pillow. Relief for aching, cramping legs and feet. Recommended for those with varicose veins, swollen feet and ankles, ‘tired’ legs, during pregnancy & convalescing.**

- Even weight distribution helps alleviate lower back strain.
- Minimises tension in the sciatic nerve.
- Pressure-free support ...in comfort ...to assist vascular drainage.
- Also useful for avoiding bed sores ...gets heels off the mattress!

**Leg support cushion gives relief for aching tired legs. Gently elevates your legs to ease back pain and improve circulation. Adjustable, and contoured for superb comfort.**

Adjustable for 2 levels of comfort.

Zip-off quilted cover, or moisture resistant, bacteria inhibiting (hospital grade) Steri-Plus™ cover options
