

ROLLATORS

The X Fold Rollator is extremely lightweight and can be folded to a compact size, allowing the walking to easily fit into all car boots. This lightweight and portable rollator weighs just 7.5 kg for easy transportation.

X FOLD ROLLATOR

Product features

- Folds in two directions for a very compact size, ideal for storage and portability
- Sturdy yet lightweight aluminium cross brace and frame designed for easy manoeuvrability and added stability
- Integral seat handle serves as a useful handgrip for pulling rollator when used as a shopper or for carrying when folded
- Soft, flexible backrest provides comfort and security while seated
- Ergonomic loop brakes with internally routed brake cables for added safety
- Push button height adjustment on handles to suit user requirements
- 20cm (8") diameter wheels suitable for both indoor and outdoor use
- New plastic forked castors encompass two fasteners for greater security and durability
- Reflectors included to enhance visibility at dusk or when dark
- Ideal to fold and put in the boot of a small car or on public transport
- Removable storage bag for storing shopping items and essentials
