

Etac Fix - food preparation board

Etac Cut - cutting board

With poor hand function a two hand grip doubles the strength but leaves no hand for holding. When using a two hand grip or with one hand function only, these devices are indispensable, for cutting, whipping or grating.

Etac Fix food preparation board

Fix preparation board stands firmly on its four friction feet or the enclosed suction feet. The jaws hold a bowl, grater or piece of food in place. There is also a small plate with spikes to hold smaller pieces of food. This can be removed and also placed with the spikes pointing downwards to obtain a flat surface.

Etac Cut cutting board

Cut cutting board simplifies slicing bread, paté, a steak or whatever is to be cut. By turning the transverse bar, the thickness of the slices is easily changed.

A knife fits in the guides, which makes it possible to cut safe and straight. An invaluable help to compensate impaired sight.
