

SINGLE GRIP

The single grip, the most portable of the Bridge Medical grab bars, installs and removes without any tools or professional installation. Lightweight and portable, the durable commercial grade suction cups are the strongest on the market.

PRODUCT SPECIFICATIONS

Color: White
 Length: 33cm
 Part Number: BC201
 Shipping Weight: 1.25kg
 Patent Pending

TELESCOPING GRIP

FEATURES

Offering an adjustable length ranging from 19"-29", the telescoping grip allows adaptability to most any tub/shower tile configuration. The telescoping handle allows for a much longer hand-holding area.

PRODUCT SPECIFICATIONS

Part Number: BC500M Medium Length 48-61cm
 Part Number: BC500L Large Length 61-73.5cm
 Shipping Weight: 1.7kg
 Patent Pending

4" TILE GRIP

Your only safe option for use on most 4" tiles

FEATURES

The 4" Tile Grip from Bridge Medical easily installs and removes without any tools or professional installation. The powerful commercial-grade rubber suction cups strongly adhere to smooth, flat, non-porous surfaces. It is the strongest and most reliable on the market today.

PRODUCT SPECIFICATIONS

Length 38- 46cm
 Part Number: BC600
 US Patent D599,187

TELESCOPING PIVOT GRIP

FEATURES

The Telescoping Pivot Grip, Bridge Medical's top of the line Portable Grab Bar, is the gold standard in ease of use and flexibility. The installation options are endless, including stretching across a corner, inside of a bathtub or across unparallel surfaces.

PRODUCT SPECIFICATIONS
